OBJECTIVE

Detail-oriented and passionate Computer Science student seeking a Software Developer role. Eager to contribute to user-centric, high-performance web applications in a collaborative and agile development environment.

EDUCATION

Bachelor of Technology, JIMS Engineering Management Technical Campus Expected 2026
Computer Science – 8.4

CBSE Senior Secondary (XII), Bal Mandir Sr. Sec. School – 8.3 2022

SKILLS

Technical Skills	React.js, Node.js, Express.js, SQL, JavaScript (ES6+), HTML5, CSS3, React Router, Redux Toolkit, React Hooks, Git, Firebase, Vite, JSON, Figma, DOM Manipulation, Debugging, Version Control, Agile Development, Object-Oriented Programming (OOPs), C++, DSA (LeetCode – 130+ problems)
Soft Skills	Communication, Team Collaboration, Problem Solving, Adaptability, Time Management, Attention to Detail, Critical Thinking, Creativity
Tools	Git, GitHub, VS-Code, Postman

EXPERIENCE

Frontend Developer Intern Nov 2024 - Jan 2025
Appinnovix Lucknow, Uttar Pradesh

- Developed responsive, cross-browser interfaces using HTML5, CSS3, and JavaScript (ES6+), improving performance and accessibility across devices.
- Built modular, scalable UI components with React.js, React Hooks, and Redux Toolkit, enhancing application consistency and user experience.
- Implemented React Router for dynamic SPA navigation and collaborated in an Agile team using Git/GitHub to ship iterative, production-ready features.

PROJECTS

AI Interviewer. Engineered an interactive React + Vite frontend with Firebase Authentication and Firestore integration, enabling secure user management, dynamic interview question delivery, and domain-specific practice for an AI-powered interview & resume analysis platform. ([GitHub](#))

Blogging Website. Built a responsive and scalable blogging platform using React.js, Firebase Authentication, and Firestore Database, enabling users to securely create, edit, and manage blog posts. Integrated React Router for seamless navigation, and implemented modular components and responsive UI/UX to enhance usability and performance across devices. ([GitHub](#))

E-commerce webpage. Developed responsive, accessible web interfaces and reusable components using React.js, JavaScript (ES6+), HTML5, CSS3, React Router, and Redux Toolkit in an Agile environment, improving UI performance and user experience across devices. ([GitHub](#))
